

MICROSAR Classic Packages Limitations

Readme

This BSW package has been created based on MICROSAR Classic packages.

Delivery Limitations

Software as part of MICROSAR Classic Packages are for development purpose only and must not be used in serial production.

Reference

For more information on the usage of non-production deliveries, refer to the Product Information MICROSAR Classic (ProductInformation_2_MICROSARClassic.pdf) located in the Doc folder of your BSW package.

Further Information

For further information on the MICROSAR Classic Packages, refer to the following documents:

- > The Product Information MICROSAR Classic Packages (ProductInformation_2_MICROSARClassic_Packages.pdf) located in the .\Doc\DeliveryInformation folder of your MBP package or merged custom package for information on the general workflow, licensing, system requirements, and recommended tools.
- > The Startup Package Based Delivery (Startup_PackageBasedDelivery.pdf) that is shipped with the DaVinci Package Manager for information on workflow strategies and usage scenarios of MICROSAR Classic packages in an ECU project. You can open the Startup Package Based Delivery via the menu path **Help|Open User Manual** in the DaVinci Package Manager.
